

Grasshopper Cheesecake

This recipe makes 2–9" cakes. Don't forget to use chocolate graham cracker crusts, instead of the regular ones. Drink only *dark* beer when baking this variety. Combine in a large mixing bowl, beating the shit out of it until all lumps are crushed:

4 eggs	1 1/3 cups sugar
1-1/2 # (24 oz.) cream cheese	1/2 cup creme de menthe
4 tbs. creme de cacao	

Beat ingredients, pour into crust. Bake 40 minutes in 300°F. oven. Let cool. For topping:

8 oz. semi-sweet chocolate chips
1 cup sour cream

Melt chocolate chips and blend in sour cream. Spread on top of cake. Don't pick at it. Really, this time I mean it!
